1. Students are expected to model the actions of Jesus
2. Students are expected to treat others in a Christian manner.
3. Students are expected to demonstrate respect for all faculty and staff members, volunteers, and other students. This would include refraining from physical and/or verbal harassment as well as profanity.
4. Demonstrating true pride in being part of the St. Therese school community, students are expected to respect all property and to assist in maintaining order and cleanliness in the school buildings, church, and on school property.
5. Realizing that liturgy is an important part of the school community, students participate actively in the planning and celebration of school liturgies.
6. Students follow all guidelines and expectations as outlined in this school handbook.
7. Realizing that all individual gifts and talents are gifts of God, students strive to use all of their gifts to develop their greatest potential.

ST. THERESE VISION STATEMENT

St. Therese Catholic School is proud of our educational facility and the success that we produce in our students. St. Therese provides an exciting learning and growth environment for all students.

Strong parental involvement supports many enriching opportunities for St. Therese students. Staff, parents, and the entire St. Therese community work closely together to achieve a goal of making a difference in the lives of St. Therese students.

ENROLLMENT

School Admissions Policy

Diocesan schools shall comply with state laws and regulations regarding school enrollment and attendance to the extent possible, as consistent with the teachings of the Catholic Church and diocesan policy.

Nondiscrimination Policy

Diocesan schools shall follow and promote an open enrollment policy, accepting students without regard to color, race, gender, or national origin, and reasonably accommodate the disabled in its educational policy.

Enrollment of students (P4010)

Only a person having the legal custody of the child can enroll them in St. Therese. A certified copy of the student's birth certificate or baptismal certificate shall be required for original entrance at all grade levels. Proof of legal custody may also be required in cases where a child does not reside with both natural parents.

If these required documents are not provided to the school within thirty-days of the student's enrollment or appear to be inaccurate or fraudulent the school shall notify the Indiana Clearing House for the Information on Missing Children and will cooperate with local authorities if the child has been reported missing.

The custodial parent or legal guardian shall provide the name and address of the school the student last attended, if any. The school shall request the records from the last school the student attended within fourteen (14) days of enrollment.

Written proof that the child meets state and county health requirements (immunization record) for enrollment shall also be required.

Kindergarten Entrance Requirement (P4010)

St. Therese follows state law in the enrollment of Kindergarten students. To enter Kindergarten, the child must be five years old by August 1 of the year that the child will be attending school.

St. Therese may choose to administer the Gesell Assessment of Development Readiness or other readiness tests for determining proper placement in Kindergarten. Students with birthdates after August 1 will be considered if space is available and/or the student is assessed by the Gesell Assessment.

Birth certificates and baptismal records are to be presented at the time of registration for students entering Kindergarten.

Immunization Information

All kindergarten students must have received their immunizations as required by the State of Indiana prior to the first day of school. Your child may not attend kindergarten without documentation of immunizations received OR a written medical/religious exemption.

All sixth grade students are required to have a measles booster (preferably an MMR).

First Grade Entrance Requirements (P4010)

Indiana compulsory education begins when a child is officially enrolled in school or the school year of the child's 7th birthday, whichever is earlier.

Students enrolling in a diocesan school after successfully attending kindergarten in another accredited school that has different age requirements shall be allowed to continue in school without interruption because of chronological age.

Children with Exceptional Educational Needs (P4010)

Students with exceptional educational needs requiring special class placement are accepted if their needs can be reasonably accommodated at St. Therese School. Initial enrollment will be on a tentative basis with the understanding that in the event the exceptional needs of the child cannot be reasonably accommodated by the school, the custodial parent/guardian(s) will agree to enroll their child in another school system which can accommodate the special needs of an exceptional child.

Ordinarily when a diocesan school cannot reasonably accommodate the exceptional needs of a child, a recommendation for special class placement will be made to the custodial parent/guardian(s) by the principal, after consultation with the child's teacher(s). This recommendation will be either for special class placement with St. Therese School or referral to a public school for evaluation or placement. If the custodial parent/guardian(s) do not accept the school's recommendation, it is expected that they will place the decision in writing. In some instances the custodial parent/guardian(s) will be required to withdraw the child if the child's continued presence, in the opinion of school personnel, would place an undue hardship on the operation of the school, or poses a threat of harm to the student, other students or school personnel.

Students or Prospective Students with Communicable Diseases (P4010)

St. Therese School shall comply with all applicable state laws and all Board of Health policies regarding school enrollment and attendance in relation to a student or prospective student having a communicable disease. Prospective students who meet all entrance requirements may not be denied admission solely on the basis of diagnosis of a communicable disease unless required by applicable state law or Board of Health policy; similarly, students may not be excluded merely on the basis of a diagnosis of a communicable disease.

However, as with any prospective student who is diagnosed as having or is suspected of having a communicable disease, a child with a communicable disease may be excluded, if after an individualized assessment of the child's condition, in accordance with the school's communicable disease policy/procedure, it is determined that the child's presence in the classroom would expose others to significant health and safety risks.

Student Transfers (P4020)

Once the academic year has begun, students shall be discouraged from transferring to another diocesan school except in the case of a change of residence.

Based on legitimate educational justifications, St. Therese School strongly discourages the transfer of students into grades six through eight. A transfer of students of these ages is discouraged because it could be disruptive and detrimental to the student's educational development, which could create problems in social adjustment for both new students and those currently enrolled in St. Therese School.

Academic records, records of previous ability and achievement testing, psychological tests and health records will be required from the previous school.

Transfer students will be placed on probation for a period of 60 days from the date of transfer. During this probationary period, St. Therese School reserves the right to ask transfer students to withdraw if serious academic or behavioral problems arise.

The final decision of accepting a transfer student rests in the sole discretion of the principal in consultation with the pastor.

Expelled or suspended students from other schools

St. Therese School may consider accepting a student from another school who has been expelled, suspended, or has been a party to a major discipline problem as defined by the former school or interpreted by applicable St. Therese School operating policies only after a full and complete explanation of all facts pertinent to an individual case has been evaluated. This provision will not be followed when a student has been expelled for violating the "Gun Free" diocesan policy, this is required by state and federal law (P4560).

Discovery that any information provided to St. Therese School was falsified will automatically be grounds to refuse the transfer request or to immediately dismiss the child from school if the discovery occurs after the child has been enrolled.

Tuition and book fees will be charged to each family at St. Therese School. Students will not be admitted to St. Therese School if their family is not current and in good standing in all of their financial obligations at their previous school and church.

REGISTRATION

Initial registration for St. Therese School will be open to all registered members of St. Therese Parish. Any family not registered in the parish that wished to enroll a child in St. Therese School must have its admission approved by the pastor and principal.

All new students will be placed on probation for nine weeks. When this period is over, a meeting will be held with the parent/guardian, students, teacher, pastor and principal. If the student is not following school/classroom policies, or St. Therese School cannot provide the student with the services he/she needs, the student will be removed from St. Therese School in the best interest of the student.

All students of St. Therese School will be expected to follow the entire schedule of all academics, including that of religion.

FINANCIAL POLICIES

St. Therese School maintains a system of tuition and fees that partially funds the costs of operating and maintaining the school.

Spring registration fees

A deposit of \$25.00 per student in grades K- 8 must be paid at spring registration for the following school year. **This registration is non-refundable.** The remaining fees will be due at fall registration. The amount of the deposit is subject to change each year. Failure to pay the deposit at spring registration may result in the school not admitting the student in the fall. **Failure to pay the deposit fee of \$25.00 by the due date will result in the deposit fee increasing to \$50.00.**

Tuition Payments

Families may choose a method of payment from the following:

1. Tuition paid in full at fall registration.
2. Tuition paid through FACTS Management.
 - a. At the time of registration, all families using FACTS must complete a FACTS automatic tuition payment agreement form.

If tuition payments are not current at the end of a school quarter (grading period), a student is subject to having his/her grade card withheld.

No student will be allowed to register at St. Therese School for the following school year if:

- a. Tuition and fee payments are overdue.

Tuition Assistance

Committed to the education of every child, St. Therese School offers tuition assistance to those families requesting such services. Members of St. Therese parish will receive first consideration for tuition assistance. If any funds remain, applications from non-parishioners will be considered. To be considered for assistance each family needs to complete a FACTS grant and aid assessment application. It is the discretion of the Tuition Assistance Committee to determine the tuition assistance and/or distribution thereof. Limited parish financial assistance for tuition is available for distribution; however no funds are available for book bills and fees.

Diocesan Large Family Fund

The Diocesan Large Family Fund for Tuition Assistance is designed to provide assistance to Catholic Families with 3 or more children in Catholic Schools. Applications are available in the school office. Any family applying to the Large Family Fund must first apply for assistance from St. Therese.

St. Therese School reserves the right to take actions necessary to collect unpaid tuition and fees.

ATTENDANCE (P4040)

Parent/Guardian Responsibility

3. Visitation to a high school by an 8th grader.
4. Religious observances.
5. Placement in a short-term inpatient program, which provides an educational program.

Excused Absences:

1. Illness of the student with a written note from parent/guardian, doctor, or phone call from parent/guardian.
2. Death in the immediate family.
3. Death for persons outside of the immediate family with parental permission.
4. Out-of-school suspension (make-up work is NOT accepted)
5. Medical/Dental appointment over two (2) hours and legal appointments.
6. Inclement weather (at discretion of the parents)

Unexcused absences:

1. No parent/guardian contact with the school giving an explanation for the absence on the day of the absence.
2. No doctor's note to excuse an absence once more that 5 consecutive day of absence has occurred.

4. Absences other than those defined as excused or absences counted as present.

Attendance Procedures:

Absence:

1. Students attending school less than 2 hours are ABSENT ALL DAY.
2. Students arriving at school more than 2 hours late in the morning are considered absent ½ Day.
3. Students leaving school before 1:15 pm in the afternoon are considered absent ½ DAY.
4. Medical or Dental appointments over 2 hours are considered absent ½ day.

Reporting an absence/Late arrival

A parent or guardian must call the school office before 8:40 A.M. if your child is going to be absent from school or more than 30 minutes late. If our office has not heard from you by 8:40 A.M. and your child is not here, we will call you at your daytime phone number to verify the absence.

A written excuse from the parent or guardian must be sent with the student upon returning to school stating when and why the student was absent.

Irregular Attendance Policy

After a student has accumulated six (6) days of absences per school year, the principal will make contact with the student's parents/guardians by mail or phone.

After a student has accumulated twelve (12) days of absences per school year, a conference shall be held with the parents/guardians and the student. An attendance contract may be established at this time.

After a student has accumulated fifteen (15) days of absences per school year, a referral shall be made to the principal. If the principal is unable to resolve the attendance problem, a referral may be made to the intake officer of the local Juvenile Probation Department.

Truancy

A student is truant when he/she is absent from school or class without the permission of his/her parent/guardian and the school. Students who are habitually truant shall be reported to the juvenile authorities in accordance with applicable state law and diocesan policies.

Tardy Policy

Regular attendance is essential to successful school work. Excessive tardiness can be a disruption to classroom order and the educational process. Students and parents are responsible for regular attendance and punctuality. A student is tardy if he/she arrives at school after 8:30 am. Students who are tardy must report to the school office and receive a pass to be admitted to class. Exceptions to this policy include, but not limited to, unforeseen circumstances. Excessive tardies may result in a conference between the principal and parents. **The accumulation of every 10 unexcused tardies in any grading period will result in the student receiving an after school detention. If a child accumulates 20 unexcused tardies in any grading period, a one day in school suspension will result. If tardiness continues to be a problem; then the Department of Child Services will be contacted by school officials.**

In case of inclement weather, this policy will be evaluated as needed-our concern is that everyone arrives safely to school.

Doctor/Dental appointments

Students who will be late in the morning should present a notice to the teacher one day before the appointment and indicate whether he/she will need hot lunch. Students who need to be dismissed later during the school day may bring a note on the day of the appointment.

Family trips/vacations

Parents are encouraged to plan family vacations according to the scheduled school vacations. St. Therese School publishes vacation dates well in advance to allow parents/guardians to plan for family trips. Use of regular school days to take family trips and/or extend family vacations at Christmas or Spring Break is strongly discouraged. In Indiana, school attendance is mandatory and schools cannot give permission for absence beyond the law. However, school officials do recognize that on rare occasions this may be out of the control of the parents/guardians. Vacations taken during the school year will be classified as unexcused absences. Students will be able to makeup work and receive credit for assignments and/or tests that are missed. Arrangements for the completion of work is made with the classroom teacher. This work is to be done after the student returns. Teachers are not required to have class work and homework available for parents in advance of a student's unexcused absence.

Morning arrival

Students **in grades K-8** are to enter the Church building quietly when they arrive in the morning. They are to sit in their assigned areas in church and place themselves in the presence of God and prepare for morning rosary. **PS/PK students should go directly to their classroom.**

School Visitors

For purposes of safety and accountability, we request ALL PARENTS/GUARDIANS REPORT TO THE SCHOOL OFFICE UPON ENTERING THE SCHOOL BUILDING. Parents/guardians must bring items forgotten at home to the school office and not to the classroom. We will deliver the items at a time when it will cause the least disturbance to the class.

We encourage parents/guardians to visit your child's classroom, but we ask you to follow a few guidelines to insure a smooth visit:

1. Call or write the principal or classroom teacher requesting a visit at least one week prior to the

- desired date.
2. The principal or teacher will return your request to arrange a date and time.
 3. Remember to report to the school office before you go to the classroom. Remember that this is not a conference time.

Regular afternoon dismissal

School dismissal is at 3:15 p.m. All drivers must follow the normal procedure to pick up students at the end of the day. Evening pickup will take place on the West parking lot. Once all the students are loaded into their cars, the cars will be dismissed. Students that walk home will be dismissed once we start the car dismissal. The Waynedale Library has requested that no one is to park in the Library lot and pick up students.

Early dismissal

No child may have an early dismissal from school without a written request from his/her parent/guardian. The identity of any person calling for a child must be verified. All requests by telephone for early dismissal must be verified by a return call to the telephone number on file for the child. All children with early dismissal must be picked up in the office and signed out by the person picking them up. If a child is ill, he/she will not be sent home before calling the home. An adult will accompany the child home.

School closing/school delays

When St. Therese is closed or delayed due to weather conditions, it will be announced as **ST. THERESE CATHOLIC SCHOOL**. Such closing or delays will be announced on the following television/radio stations: **WOWO-1190 AM; WLDE 101.7 FM; WAJI MAJIC 95FM; WFFT-FOX 55-TV; WANE-TV; WISE-TV; and WPTA-TV**. Occasionally, it is necessary for the principal, on an emergency or special circumstance basis, to close or delay school. On such cases, you will hear the announcement on the same stations.

If it should become necessary to close school after the day has begun, children should be aware of acceptable alternative plans for this type of dismissal (i.e., if the children are to go somewhere or with someone different than on a normal school day.

Parents have the first and ultimate responsibility for their children. Parents must decide for themselves if their child's route to school is safe on days when weather is bad and schools remain open. Students are given an excused absence in these cases. The child is marked absent for the day, but is allowed to make up any school work.

Errands

A child may never be sent on an errand beyond the parish property during school hours. This includes visits to the Allen County Public Library -Waynedale Branch.

Leaving School-Lunch time

Because of the dangers involved, the children are not allowed to leave the school premises at noon. If it is necessary for a child to leave the school grounds during the noon period:

1. A written excuse must be presented from the parent/guardian.
2. An adult must accompany the student to and from the destination.
3. The adult must sign the student out and back in at the school office.

INSTRUCTIONAL PROGRAMS

School Curriculum

At the core of the St. Therese experience is a challenging Catholic curriculum intended to bring about the best in each student- intellectually, spirituality, physically, and socially. The curriculum embraces the Catholic heritage and centers on the Christian values of discipline, responsibility, and community.

St. Therese follows the guidelines for the instructional programs given by the State of Indiana and the Diocese. Textbooks approved by the state and the Diocese are used. Students receive instruction in the basic academic subjects including Religion, Mathematics, Literature, Reading, Science, Social Studies, and Spelling. Special instruction in Music, Art, Computer, and physical Education are also provided.

Students are required to attend weekly Mass and take part in prayer services. All-school Masses are also celebrated on Holy days of Obligation and other special days.

Parent-Teacher Conferences

Conferences are scheduled for the communication of each student's academic progress throughout the first grading period. Additional conferences may be requested by the teacher or parent as necessary.

Progress reports are sent at the mid-point of each quarter of the academic year.

Testing

State appointed grades will participate in the ISTEP+ achievement testing. ISTEP+ results and their implications will be committed to parents/guardians upon receipt from the scoring service.

Non-ISTEP+ grades may participate in an alternate form of achievement testing. Grades K-1 will not take part in any testing of this type.

Retention Policy

1. A student may be placed, or may repeat a particular grade level for a variety of reasons determined by the principal, teachers, and parents including:
 - a. Ability
 - b. Emotional and physical maturity
 - c. Attendance
 - d. Completion of required curriculum/achievement
 - e. Standardized testing results, review of supportive evidence, such as samples of student work, classroom test results, progress reports, etc.
 - f. Teacher recommendation.
 - g. Previous retention in a grade
2. Rarely are students to be retained beyond grade three.
3. A student can be retained only once in his/her K-8 school experience.
4. If parents choose not to retain a child, retention will not take place.
5. No student shall be retained for the sole purpose of improving the student's ability to participate in extracurricular athletic programs.
6. For students who are possible detainees, the teacher will confer with the parents near the end of the first semester. The teacher will let the parents know that retention is a possibility if the student's work does not improve substantially.
7. It is expected that the parents, teacher, and principal will meet prior to a decision to retain a child.
8. After the parent, teacher, and principal conference, a letter summarizing the decision is to be signed by all parties indicating the parents' decision to have the child retained in the present grade or placed in the next grade. This letter is to be retained in the child's records.

Homework

Homework is an essential part of the educational process and an important support system for classroom instruction. A certain amount of homework is necessary to reinforce or practice what is taught at school. Homework should provide: an extension of classroom activities; an evaluation tool for both teacher and student; and a positive learning experience that emphasizes quality as opposed to quantity. The work assigned is the

responsibility of the child, not that of the parent. If the child continuously insists on your help, please make an appointment with the teacher in order to find out the basis of the problem. The length of time spent on diligent homework should be appropriate for the students' age and grade level. Homework will be assigned at the discretion of the classroom teacher. It generally should not require more than 10-30 minutes completing for grades 1-3 or more than 40-50 minutes for grades 4-5.

Junior High Homework

Students in grades 6-8 can expect an hour to an hour and a half of homework per night. The time spent may fluctuate depending upon special projects and preparation for tests.

Teachers will provide homework policy information to parents at "Back to School Night". Students in grades 4-8 are given a daily assignment book that is to be used by them to write down all homework done or assigned each school day. This is also a good way for parents to keep informed of all assigned work given to students. Please look at their assignment books daily.

Academic Progress Reports

The academic year is divided into 4 nine-week quarters. Midterm reports are issued at the mid-point of the quarter for grades K-8 and report cards are issued at the end of each quarter. Mid-term reports help keep parents informed and offer parents and students the opportunity to focus on areas of difficulty to help improve grades before report card time.

Grading Scale

assistance is needed with a student. Teachers are free to implement their classroom policies in the way most productive for them. This may include time during recess or after school. Teachers will explain individual classroom discipline policies at the Back to School Night meeting at the beginning of the school year. Disciplinary Action forms will also be reviewed

ANTI-HARRASSMENT PROHIBITION (P4580)

It is the policy of the Catholic schools of the Diocese of Fort Wayne-South Bend to maintain a learning and working environment that is free from harassment based on sex, race, national origin, color, age, disability, or any other impermissible factor that is prohibited by law and/or the teachings of the Catholic Church.

It shall be a violation of this policy for any student to harass another student or employee, through conduct or communication of a sexual nature as defined in Section I of the Procedure and on any other impermissible grounds as described in Section II of this Procedure.

This policy and procedure covers situations in which a student claims to be the victim of harassment.

Sexual Harassment

Sexual harassment shall consist of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature when made by any employee to a student, or made by any student to another student.

Conduct of a sexual nature may include verbal or physical sexual advances, looks, leers, gestures, comments, jokes, or other inappropriate conduct based on the victim's sex.

The Diocese forbids sexual harassment and retains the right to address sexual harassment or inappropriate conduct of a sexual nature in the schools through whatever means it determines are reasonable and appropriate.

Other Forms of Harassment

Harassment may be based on any protected characteristic, including race, color, religion, national origin, age, disability or other protected area. Harassment may consist of unwelcome, derogatory, and/or inappropriate verbal or physical comments or conduct relating to the victim's race, color, religion, national origin, age, disability or other protected trait, made by any employee to a student, or made by any student to another student.

Comments or conduct of an offensive or harassing nature may include verbal or written comments, jokes, or physical gestures regarding physical, personality, or other characteristics related to a person's race, color, religion, national origin, age, disability, or other protected trait.

The Diocese prohibits harassment and retains the right to address harassing conduct through whatever means it determines are reasonable and appropriate.

Complaint Procedures for Students

Students and/or their parents/guardians may bring a harassment complaint by notifying the pastor (in the case of an elementary school), principal, assistant principal, or other person specifically designated by the school, of the alleged harassment.

School officials who receive complaints must insure that the complaint procedure explained below in Section III, C is followed.

The right of confidentiality, both of the complainant and of the accused, will be respected consistent with the school's legal obligations and the necessity to investigate allegations of misconduct and to take reasonable and appropriate action if warranted.

All complaints of harassment shall be handled in the following manner:

1. Complaints are preferred in writing on forms supplied by the school. If a verbal complaint is made, the school official who receives the complaint (i.e., the pastor, principal, assistant principal or other designee) shall complete a written report;
2. Written reports must name the person(s) charged with harassment and state the facts;
3. If the written report identifies a student(s) as the alleged perpetrator, the school official who received and/or prepared the report must present it to the principal of the school where the alleged conduct occurred (or, as an alternative, to the pastor or Vicar General if the principal is the subject of the report). The principal will immediately (the same day) inform the superintendent, pastor (in an elementary school), and/or school attorney;
4. The principal who receives a written report of harassment shall immediately review the report and information readily available and should consult with the superintendent;
5. The principal should determine if the allegations in the report and the information readily available appears to meet the definition of harassment as given under Section I or II, respectively.
 - a. If the information received or discovered, at any stage of the investigation, gives the recipient reason to believe that an alleged victim is a victim of child abuse or neglect as defined by law, the matter must also be handled according to the child Abuse Reporting Policy 3610;
 - b. If the allegations and information initially appear to constitute harassment, the principal shall take the following steps:
 - (1) Complete the Investigative Report of Alleged Harassment;
 - (2) Conduct any necessary follow-up, gather additional information, conduct interviews with any students or staff having information and gather witnesses who have knowledge of the situation;

- (3) Contact the parents of all students known to be involved.

The principal is responsible for the decision in the matter but may establish a Discipline Board to assist. The report and results of the investigation will be utilized by the school to:

- a. determine appropriate disciplinary action;
- b. determine need for counseling referral; and,
- c. determine who will be responsible for continued monitoring and appropriate follow-up of the situation.

Sanctions for Misconduct

A substantiated charge against an employee or student in the school shall subject that employee or student to such disciplinary action that the pastor/principal determines necessary consistent with Diocesan Policy and/or the school disciplinary policy.

False Reporting

Any person who knowingly files false charges of harassment against an employee or a student in an attempt to demean, harass, abuse, or embarrass that individual may be subject to appropriate disciplinary action.

STUDENT ACCUSED OF A NON-SCHOOL CRIMINAL ACT (P4550)

A student accused of a non-school related criminal act which does not subject the student to suspension or expulsion pursuant to Policy 4520 is presumed innocent and no academic or disciplinary penalties will necessarily be imposed regarding that alleged criminal act unless the student is proven guilty or admits guilt through the civil law process.

Some circumstances, such as a need to protect the safety and/or privacy of the student or others, may necessitate such student's removal from the normal academic setting pending the outcome of the civil law process. In this case, the wishes of the student and/or custodial parents/legal guardians will be considered, but the final decision regarding removal is the principal's, after consultation with the pastor and/or Superintendent of Schools. Should such a removal be deemed necessary, a program of home study will be developed and implemented for the student.

GUN-FREE SCHOOLS (P4560)

Students are prohibited from bringing firearms to school or school functions. Further, students are prohibited from possessing firearms en route to or from school or school activities or on school property. A violation of this policy carries an automatic expulsion from school of not less than one calendar year. This penalty supersedes any penalty that may be attributed by a local school discipline policy. Principals will provide information to the Catholic Schools Office annually concerning the following:

- a. a description of circumstances surrounding any expulsions imposed under the policy;
- b. the number of students expelled from the school under the policy; and
- c. the types of firearms concerned.

For purposes of this policy the term "firearm" means:

1. any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; or
2. the frame or receiver of any such weapon; or
3. any firearm muffler or firearm silencer; or

5. any destructive device. The term "destructive device" means: any explosive, incendiary, or poison gas; bomb; grenade; rocket having a propellant charge of more than four ounces; missile having an explosive or incendiary charge of more than one-quarter ounce; mine, or device similar to any of the devices described in the preceding clauses;

7. any combination of parts either designed or intended for use in converting any device into any destructive device.

The administration reserves the right to evaluate each situation and choose the appropriate disciplinary action according to the severity of the behavior.

CELL PHONES/ELECTRONIC DEVICES

Students are not permitted to have cell phones or electronic devices such as pagers and hand held electronic games/devices at any time during the school day. If a student needs a cell phone after school due to walking home from school, entering a house where no one is home, or attending sport practices or games, he/she should bring the cell phone to the office upon arrival in the morning to park the cell phone in the off position for the day. The cell phone may be picked up by the student at dismissal. At no time during the day should a cell phone be in a student's locker or in his/her possession. Any cell phone or electronic device taken from a student during the school day will be returned to the parent/guardian after they come in to the school office and sign for it.

Supervisors

Those who serve as lunchroom supervisors have been hired to monitor all lunchroom activities: preparation and serving of meals, student behavior and coordination of clean up. Class Movies/Videos

While viewing movies/videos in the classroom can be educational in nature and provide support for the curriculum, it is important that good judgment be used in viewing them on a regular basis. Teachers can only show videos that relate to the curriculum being taught. Please respect all involved by not sending videos with your child expecting the teacher to take classroom time to share it with all of the students.

Crisis Intervention

Because we are concerned with the safety and well-being of our students, our school and the Diocese have prepared a Safe and Secure School Plan. This plan addresses events that may threaten our students. During the school year, we will conduct drills for fire and severe weather, as well as lockdown drills. In addition, the plan provides for responding to crisis situations, such as identifying evacuation sites and providing support for students and staff, including counseling services.

Volunteers (P2310)

Volunteers are individuals who provide services at a Diocesan school on their own initiative for no compensation or payment of any kind. Volunteers assisting in a school or any school-related or athletic-related activity may perform a number of suitable functions for which they are qualified based on their training or background.

All volunteers performing a service on a regular or recurring basis must have completed the Diocese of Ft. Wayne-South Bend Volunteer Application. The acceptance, utilization, and supervision of volunteers in a school is the responsibility of the school principal.

Under Indiana law, Diocesan schools have the right to obtain limited criminal history information about any volunteer who will have contact with, care of, or supervision over enrolled students. By volunteering at a Diocesan school, a person acknowledges that he/she can be subject to such a criminal background check.

Before being placed in a volunteer position that would involve regular contact with children or young persons, the applicant must:

1. Complete a Diocesan Authorization and Release for Background Check Information
2. Successfully pass the diocesan required reference and criminal history check process

Termination of Volunteer Services

It is the principal's responsibility to immediately discontinue the use of a volunteer's service at the school if the volunteer is no longer necessary, does not suitably perform assigned duties, or otherwise engages in behavior unacceptable in a Diocesan school.

STUDENT RECORDS (P4170)

Access to Official Student Records

In accordance with the Family Educational Rights and Privacy Act ("FERPA") of 1975, any natural parent, guardian or individual acting as a parent in the absence of a parent or a guardian of a student has a right "to inspect and review" his/her minor student's education records, unless the school has been provided with a court order, State statute, or legally-binding document that specifically precludes such inspection and review. In addition, a student who has reached eighteen (18) years of age or is attending an institution of post-secondary education will have all access rights that his/her parent or guardian would have had prior to that time. Absent such court order or legally binding document, a non-custodial parent has the same right to inspect and review as a custodial parent.

All schools shall follow the diocesan policy and procedure regarding requests for access to student educational records, in accordance with FERPA

A "parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.

An "eligible student" means a student who has reached eighteen (18) years of age or is attending an institute of post-secondary education.

All student records are confidential and may be accessed only by those authorized to do so. (See I. G.) This includes health records, psychometric testing, and student academic records but does not include counseling reports/files protected by statute.

The following list of the types of personally identifiable information is on all student records. Such personally identifiable information will not be released without the prior written consent of the parent or eligible student unless such information is required by judicial order or subpoena and the parents and are notified of such orders or subpoenas in advance of disclosure:

Name, Address, Birth Date,
Telephone Number, Grades,
Attendance Record,
Programs/Related Service
Provided/Year Student Exited
from Special Education

Parents and eligible students will be annually notified of their rights under the Family Education Rights and Privacy Act (“FERPA”) through the local school parent/student handbook.

All student files are maintained in a secure place including files of graduates.

Parents are permitted to inspect and review any educational records relating to their child who is under the age of 18 and who has not entered colleges, which are collected, maintained, or used by the agency under IDEA-B and State rules and regulations. These rights transfer from the parents to the student when the student becomes eighteen (18) years of age (i.e., an eligible student, or enters an institute of post-secondary education), unless the student has been adjudicated incompetent.

The parent or eligible student has authority to inspect and review records relating to the student and is given full rights of inspection and review.

The right to inspect and review educational records includes:

- a. The right to reasonable requests for explanations and interpretations of the records by the school;
- b. The right to receive copies of the records from the school if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records;
- c. The right to have access to records within a reasonable time (no more than 45 days after the request);
- d. The right to receive a copy of the student’s educational record from the school to use in a contemplated or pending hearing within the school.

The school may disclose a student’s records without a parent’s or eligible student’s permission to the following individuals:

- a. Other school officials who have legitimate educational interests;
- b. Officials of other schools in which the student intends to enroll, provided that the parents are notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing;
- c. Authorized representatives of the Comptroller General of the United States, the Secretary of Health and Human Services, an administrative head of an educational agency, or state educational authorities;
- d. Appropriate persons in connection with a student’s application for receipt of financial aid;
- e. State and local officials to whom such information is required to be disclosed by state statute adopted within a certain time frame;
- f. Organizations conducting studies on behalf of educational agencies to develop, validate or administer predictive tests;
- g. Accrediting organizations;
- h. Parents of a dependent student of such parents as defined by Section 152 of the Internal Revenue Code;
- i. In connection with an emergency, appropriate persons if knowledge of such information is necessary to protect the health or safety of the student or other persons; and
- j. The entity or persons designated in a Federal grand jury subpoena or the entity or persons designated in any other subpoena issued for a law enforcement purposes

Each educational file has a record of each request for access to and each disclosure of personally identifiable information from the file. The record of access includes:

- a. The name of the party,
- b. The date access was given, and
- c. The reason the party had in gaining access to the information.

Upon request, the parent or eligible student may obtain a copy of the record that was disclosed.

The school requires written dated consent of a parent or eligible student before it discloses personally identifiable information from the student's educational record, except in the situations described in I. G. above. The written consent specifies:

- a. The records that may be disclosed,
- b. The purpose of the disclosure, and
- c. The person or class of persons to whom the records may be

disclosed. (In such instances, the parent or eligible student, upon the parent's request, shall be given a copy of the record disclosed.)

The school permits a parent or eligible student to request correction of the student's educational records where such information is inaccurate, misleading or in violation of student's rights of privacy or other rights. If the school decides not to amend the record, the school shall inform the parent or eligible student of its decision and his or her right to have a hearing on such decision in accordance with FERPA. If the school, after the hearing, decides the record is not inaccurate, it shall inform the parent or eligible student of the right to place a statement in record commenting on the contested information in record or why he or she disagrees with the decision.

In compliance with FERPA, the following statement will appear annually in the local diocesan schools Parent/Student Handbook:

Such natural parent, guardian, or individual acting as a parent in the absence of a parent or a guardian of a student may request the amendment of his/her student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the principal decides not to amend the record as requested; such natural parent/guardian/acting parent is entitled to a hearing on his/her request. 20 U.S.C. § 1232(g); 34 C.F.R. Part 99

ANNUAL NOTIFICATION OF PARENTAL ACCESS RIGHTS TO STUDENT'S RECORDS

Family Educational Rights and Privacy Act

Any natural parent, guardian, individual acting as a parent in the absence of a parent or a guardian of a student of a diocesan school or a student or former student who has reached eighteen (18) years of age or is attending an institution of post-secondary education has the following rights, (unless there is a court order, State statute or other legally- binding document precluding these rights):

1. Inspect and review the student's education records;
2. Request the amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. Consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that the Family Educational Rights and Privacy Act and the regulations authorize disclosure without consent;
4. File with the U.S. Department of Education in complaint under 34 C.F.R. §99.64 concerning alleged failures by the agency or institution to comply with the requirements of the Act and this part; and
5. Obtain a copy of the diocesan policy (P4170 - Access to Official Student Records) and procedure for access to student's records.

Parents or eligible students may review copies of the diocesan school's policies and procedures for inspecting and reviewing a student's records and requesting amendments to a student's records. These policies are kept in the principal's office of each diocesan school and may be reviewed during regular school hours.

Parent/Guardian Concerns Procedure (P2310)

To facilitate and promote the orderly and efficient resolution of concerns, parents/guardians wishing to address and/or question an academic area or situation regarding a specific teacher or classroom procedure must follow the grievance procedure below:

- Step 1: Address the issues with the classroom teacher (or person with whom the student has the problem)
- Step 2: Address the issue with the Principal
- Step 3: Address the issue with the Pastor
- Step 4: If the issue is not satisfactorily resolved, then the parent/guardian should place his/he concerns in writing to the person involved and his/her supervisors (e.g. pastor, principal)

Parents/guardians should follow the steps set forth in this policy, except where a situation is specifically covered under another school or Diocesan policy which provides for a different reporting procedure (e.g. harassment)

RELIGIOUS ISSUES (4410)

The teachings and traditions of the Catholic Church are the guiding principles of behavior for all students while enrolled in a diocesan school.

Pregnancy - Elementary Student

Every human being is created in the image and likeness of God and his or her life must be respected and protected from the moment of conception until natural death. When a student(s) becomes involved in a pregnancy, the Catholic school must act to provide assistance and support for the student and his or her family. While the first responsibility for the pastoral, spiritual, and psychological care of the students involved in a pregnancy belongs to the parents/guardians of the students(s), the Church and the schools also bear serious responsibility.

When a pastor/principal is made aware that a student(s) is involved in a pregnancy, the following action shall be taken:

- A. The pastor and principal should meet with both parties, the male and female, and their parents/guardians to investigate the situation and to assure them, if necessary, that the young people involved will be provided with the opportunity to complete his/her education in the Catholic school without interruption.
- B. Both parties, the male and female, should then be referred for pastoral counseling given by a priest and a social worker or psychological counselor. This counseling must emphasize the teaching of the Catholic Church on the sanctity of human life from the first moment of conception.
- C. The pastor and principal must seek to assist the young people to ensure that the child is born, not aborted.
- D. The school's administration, after consultation with the school's pastor/designated priest, will decide whether any sanctions are to be imposed on the students. Because of the public nature of the situation and the Catholic identity of the school, the principal, in consultation with the pastor, reserves the right to undertake whatever additional action(s) seem appropriate for the well-being of the student(s) involved and the school as a whole.

Abortion

Every human being is created in the image and likeness of God and his or her life must be respected and protected from the moment of conception until natural death. The Church views abortion as a grave violation of this principle and the Catholic school must convey the seriousness of this act by its inclusion of this issue in its teaching at appropriate grade levels and of its policies.

Therefore a student enrolled in a diocesan school who obtains a completed and verified abortion or who aids or induces another person in any manner whatsoever in procuring such an abortion shall be suspended immediately and may be denied the privilege of continuing his or her education in a diocesan school, as determined by the Bishop.

A confidential meeting shall be held with the student(s) and parent(s) involved the pastor, the school principal, and a person designated by the Bishop, if so desired. The purpose of this meeting will be to ascertain the facts relevant to the commission of the abortion, to provide appropriate pastoral assistance, and to make a recommendation to the bishop regarding the student's suspension or expulsion.

Invalid Marriage

The school administration will defer the decision regarding the disposition and continued enrollment of any student who has entered into an invalid marriage to the Vicar of Education or a delegate of the Bishop.

DIOCESAN INTERNET ACCEPTABLE USE POLICY (P4620)

St. Therese School shall follow the Diocesan Internet Policy.

Students Use of the Internet in School

I. Background

The Internet is an “electronic highway” connecting millions of computers all over the world and millions of individual users, allowing students access to communicate with fellow students all over the planet.

The Internet is an international collection of thousands of independent networks. It links tens of thousands of computers with the ability to communicate as if on a single network. The Internet provides a means for people to interact and associate with others.

Internet access is now available to students and teachers in many of our Catholic schools. The access is being offered as part of a collaborative project involving the school and a local Internet Service Provider. Our goal in providing this service to teachers and students is to promote educational excellence by facilitating resource sharing, innovation and communication.

Electronic information research skills are now fundamental to the preparation of citizens and future employees during an Age of Information. It is expected that staff will blend thoughtful use of such information throughout the curriculum and assist students in the appropriate use of such resources.

Use of the Internet enhances the present curriculum of diocesan schools. The Internet is a tool for motivation for increasing reading and writing skills. It is a resource for information and for classroom research projects and other studies related to the curriculum. It provides communication with professionals in every field.

Use of the Internet is determined to be a privilege and not a right of the students in the Catholic schools. As such, Internet usage will be regulated.

II. School's Responsibility

The diocesan Catholic schools will each employ a statement of policy stating the Acceptable Use of the Internet in the school and utilize written Internet User and Permission Agreements. These written agreements are to be signed by students, their parents/guardians, and teachers. They outline the agreed to terms and conditions of Internet use and shall be kept on file. The policy specifically sets out acceptable uses, rules of on-line behavior, and access privileges. It also covers the penalties for violations of the policy, including security violations and vandalism of the system. A sample policy is provided for all schools by the Catholic Schools Office.

All use of the Internet must be in support of education and research and consistent with the purposes and Christian mission of Catholic schools. Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway.

Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research and to communicate with others. Access to network services will only be provided to students after they agree to act in a Christian, considerate and responsible manner.

Independent student use of telecommunications and electronic information resources will be permitted upon submission of permission forms that include guidelines for the student's responsibilities. Based upon the acceptable use guidelines outlined here, the Catholic school administrators will deem what is appropriate and inappropriate and their decision is final. The administration, faculty, and staff of the school may request the principal to deny, revoke, or suspend specific user accounts when violations occur.

The school is not liable for information stored on school diskettes, hard drives or servers; for information retrieved through school computers, networks, or on-line resources; for personal property used to access school corporation computers, networks, or on-line resources; or for unauthorized financial obligations resulting from use of Diocesan resources and accounts to access the Internet.

III. **Acceptable Use**

The use of the Internet and related technologies must be in support of education and research and consistent with the educational objectives, purposes, and mission of the Catholic schools. Use of other organizations' networks or computing resources must comply with the rules appropriate for these networks.

Individual users of the computer networks are responsible for their behavior and communications over those networks. It is imperative that users comply with the school's standards and honor the agreements they have signed.

Network storage areas may be treated like school lockers. School administrators may review files and communications to maintain system integrity and ensure that students are using the system responsibly and consistent with the acceptable uses outlined herein. Users should expect that files stored on school servers will not be private.

IV. **Unacceptable Use**

The use of the Internet connection in the school is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The Catholic school administrators will deem what is appropriate and inappropriate, and their decision is final. The following are not permitted:

- A. Accessing, uploading, downloading, or distributing immoral, pornographic, obscene, or sexually explicit materials.
- B. Sending or displaying unchristian, immoral, offensive, violent, pornographic, obscene or sexually explicit messages or pictures.
- C. Using violent, abusive, obscene or sexually explicit language.
- D. Harassing, insulting, or attacking others.
- E. Damaging computers, computer systems, or computer networks or attempting to harm or destroy data of another user.
- F. Violating copyright laws.
- G. Unauthorized use of another's password.
- H. Trespassing in others' folders, work, or files.
- I. Intentionally wasting resources.
- J. Employing the network for commercial purposes
- K. Transmission of any material in violation of any federal, state or local law, regulation, rule or ordinance.

Additionally, malicious use of the network to develop programs that harass other users or infiltrate a computer or computing system and/or damages the software components of a computer or computing system is prohibited.

V. **Consequences for Violations of the Privileges**

The faculty, staff, or parents/guardians may request the administrator or designee to deny, revoke, or suspend a specific student user's access to the Internet and related technologies due to unacceptable use. Internet policy is stated in the school handbook. Additional disciplinary action may be taken at the school in accordance with existing disciplinary practice as stated in the school handbook and/or Diocesan policy. When applicable, law enforcement agencies may be involved.

VI. **Parents'/Guardians' Responsibility**

During school, teachers will guide students in accessing appropriate materials. Outside of school, families must bear responsibility for such guidance as they also must with information sources such as television, telephones, movies, radio, and other potentially offensive media.

It is the family's right to decide whether or not to apply for the student's independent access to an Internet account. The school administration and teachers believe that the benefits to students from access in the form of information resources and opportunities for collaboration exceed the disadvantages. Parents/guardians accept responsibility for guidance of Internet use, setting and conveying standards for the child to follow when selecting, sharing or exploring information and media. Parents/guardians will be responsible for any financial obligation incurred through the use of Internet and related technologies that are not specifically previously approved and included as part of the school's budget.

Parents/guardians are required to sign a Permission Form and an Acceptable Use Policy with their child. Students may not access networked computer services such as electronic mail and the Internet without this express permission. Individuals and families may be held liable for violations.

Parents/guardians will be notified that their children will be using school resources and accounts to access the Internet. Parents/guardians have the option to request alternative activities not requiring Internet access.

Students Use of the Internet Outside of School

St. Therese School reserves the right to impose consequences for inappropriate behavior that takes place off campus and outside school hours. Thus, inappropriate use of technology (for example, on a home computer), may subject the student to consequences. Inappropriate use includes harassment (as defined by Diocese) of students or teachers, use of school name, remarks directed to or about teachers, offensive communications and safety threats.

St. Therese School does not, however, actively monitor student use of Technology (blogs, chat rooms, etc.). While our filtering system establishes parameters for appropriate use within the school building, students and parents/guardians are primarily responsible for the appropriate and ethical use of technology, especially in the home.

INSPECTIONS (P4590)

All students who enroll in a diocesan school must consent to the search of their person and personal belongings, lockers, school desks, etc. at any time for any reason consistent with diocesan policy. Lockers and desks are school property and may be searched at any time. The Principal or the principal's designee, and one witness will be authorized to make these searches.

ENIRONMENTAL TOBACCO SMOKE (P5430)

Effective January 1, 1995, all facilities (buildings which are enclosed) where kindergarten, elementary, and/or secondary education or library services are being provided to children shall be smoke free. No one, whether an administrator, an employee, a student, or a visitor, is allowed to smoke in these buildings while such services are being provided to children.

SUBSTANCE ABUSE POLICY (P4570)

The Diocese of Fort Wayne-South Bend recognizes that substance abuse (drugs and alcohol) is a disease and not a manifestation of character weakness. Persons afflicted with this disease are entitled to the same compassion and treatment as anyone afflicted with any other disease.

If a principal becomes aware of facts or circumstances which gives the principal reason to believe that a student is experiencing a substance abuse problem, the principal and/or the school's counselor shall meet with the student and arrange a conference with the student's parent(s)/legal guardian(s) at which time the underlying problem and treatment options will be explored, as appropriate. The principal reserves the right to require that a student sees a substance abuse counselor for an evaluation and to require that recommendations for treatment be implemented and followed by the student as a condition for the student's continued enrollment in the school. Should the student or the student's parent(s)/legal guardian(s) refuse to cooperate, the principal may require the student to withdraw from school.

Notwithstanding the foregoing, the principal reserves the right to discipline a student, up to and including expulsion, for any violation of the school's policies or rules and regulations of student behavior, regardless of whether the violation involved was related to a substance abuse problem.

AMENDMENTS TO THE HANDBOOK

The Principal/Pastor is the final recourse retains the right to amend the handbook for just cause. Parents and students will be notified as soon as possible when changes are made.

HANDBOOK RECEIPT ACKNOWLEDGMENT

This is your copy of the St. Therese Parent/Student Handbook containing the rules and regulations for our 2009-10 school year. In order that you might better understand the philosophy and expectations of St. Therese School, it is important that you thoroughly read this booklet. Please feel free to share and discuss the contents with your child. Your signature below indicates that you have read and accepted the rules and regulations of our school. Your cooperation enables all of us to work together in the best interests of your child.

Enrollment in St. Therese School is subject to the approval of the Diocese and the St. Therese administration. In order to foster an environment that promotes the optimum educational and spiritual development of the student, every parent/guardian of each student is expected to act as a cooperative partner with the Diocese and School and comply with all the policies and rules which are established by the Diocese or School. The School retains the right to rescind approval for the enrollment of any student if it determines that there is a lack of cooperation on the part of the student's parent/guardian and, as a result, the withdrawal of the student would be in the best interest of the student, the School, other students attending the school, or the fulfillment of the School's mission.

By signing below we acknowledge that we have received a copy of the St. Therese School Parent/Student Handbook. We understand that the handbook contains important information about the school, its administration, and about the educational and disciplinary policies and procedures that the school maintains in furtherance of its religious mission as part of the Catholic Diocese of Fort Wayne-South Bend.

We agree to follow all rules and guidelines imposed in the school by the school administration and/or the Diocese. If we have any questions about the content of the handbook, we understand that it is our obligation to ask questions for clarification. This acknowledgement is to be returned to the school after being signed and dated. However, the failure to read the handbook or to sign or return this acknowledgement shall not relieve us of the obligation to follow all rules and guidelines that the school and the Diocese establish or in any way impede or prevent the school administration from operating the school consistent with those rules and guidelines.
